STAFF COUNCIL FUNDRAISING HITS A HIGH!

(Lisa Garza)

The Staff Council Fundraising Committee has been hard at work this year! Including events such as Jail N' Bail, Poinsettia Sales, and Valentine Chocolate and Balloon Sales, as well as the Ink Cartridge Recycling Program, approximately \$5775 has been raised in this fiscal year!

Approximately \$5775 raised for staff scholarships since August!

Don't forget about the newest way for you to support staff scholarships—Rockfish Mondays! On the first Monday of each month, 10% of all proceeds at Rockfish will go to the Staff Council scholarship fund. UT Dallas employees and students also save 10% on meals everyday at Rockfish, located on Coit/Campbell.

PRESIDENT'S VOLUNTEER SERVICE AWARD

(Mary Jo Venetis)

Did you know that there is a President's Volunteer Service Award for citizens who provide valuable service and civic engagement to their communities? And did you know that UT Dallas staff could participate in this program? No?

Read on! Many of us already serve as volunteers in our communities, or work with charities and other civic and service organizations, for example the food bank, PTA, etc. We provide valuable hours because we believe in paying forward.

UT Dallas through the Office of Diversity and Community Engagement , as part of the UT Systems partnership with the United States President's Council on Service and Civic Participation, (see http://www.utdallas.edu/community/presidential-service-awards.html) recognized staff, faculty and students who volunteered 11,111 hours of service. A total of 29 students, employees (both staff and faculty) and alumni worked "an equivalent of 463 days of service."

The 29 students, employees, and alumni received an award certificate of achievement, a President's Volunteer Service Award label pin, a note of congratulations from the United States President, along with a letter from the President's Council on Service and Civic Participation. They were honored at a reception hosted by the office of Diversity recently in February 2011. COFFEE WITH DR. DANIEL—2/22/11

(Lydia Blackwell)

Dr. Daniel warmly welcomed us in to the President's Coffee on February 22, 2011. He started the gathering by sharing with us his thoughts on the state's financial matters. He discussed spending a great deal of time in Austin and noted that there are some decisions that the legislators still need make, including whether or not they will release some of the monies from the state's "rainy day" fund. He added that our enrollment growth will determine how UT Dallas will be affected. And, while there could possibly be some issues with the state financial aid for the next couple of years, he believes we are in a better position than other public universities within the state of Texas.

Dr. Daniel opened up the meeting by asking if there was anything anyone wanted to comment on or ask. He was asked about the growth of UTD and the future. He mentioned that our enrollment exceeded expectations last fall. Parking continues to be a strong topic. Two remarks were made by Dr. Daniel. First, that work on improving the parking in some areas of campus is under consideration and, secondly, he refuted the notion that UTD is charging visitors to park. He was also asked if the University could have a staff development program which would enable individuals to advance in their careers.

Dr. Daniel was asked about the progress of the creation of the video geared towards welcoming incoming staff and faculty to the University. He told the group that he taped the video and that it was in the post-production stage*. Dr. Daniel closed the coffee and inquired about how Staff Council was adapting to communication capabilities and was pleased to learn of the Staff Council's new Facebook page.

Staff Council meetings are the second Wednesday of each month at 9am in TI Auditorium (ECSS 2.102).

The next meeting is Wednesday, April 13, 2011.

Brought to you by the Staff Council Communications Committee!

Lydia Blackwell, Lisa Garza, Wendy Newton, Michelle Sancen, Morgan Shockey, Mary Jo Venetis, and Misty Williams

About the UT Dallas Staff Council

The Staff Council is an advisory body through which eligible staff members can convey information and make recommendations to the President regarding interests and concerns of the staff of the University. The Staff Council is constituted by the President under the discretion and authority invested in the President by the Board of Regents of The University of Texas System, with the goal of continually improving University operations and the well-being of UTD's employees. The Staff Council is constituted to address matters of general concern to the UTD community and, in particular, to members of the UTD staff and is not intended to supplant existing procedures for addressing individual grievances.
